SpaceX Falcon 9 Launch Outcomes

Explore recorded first-stage landing outcomes by launch site and payload mass. This dashboard describes historical data; it does not predict the safety of future launches.

Launch records	Successful landings	Unsuccessful landings	Landing success rate
90	**60**	**30**	**66.7%**

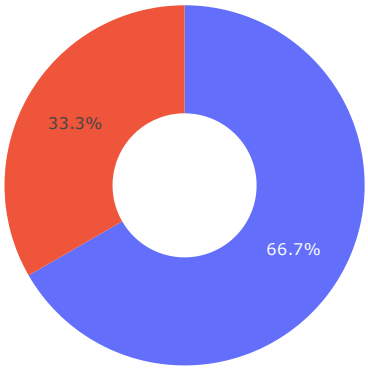

Launch site

All launch sites

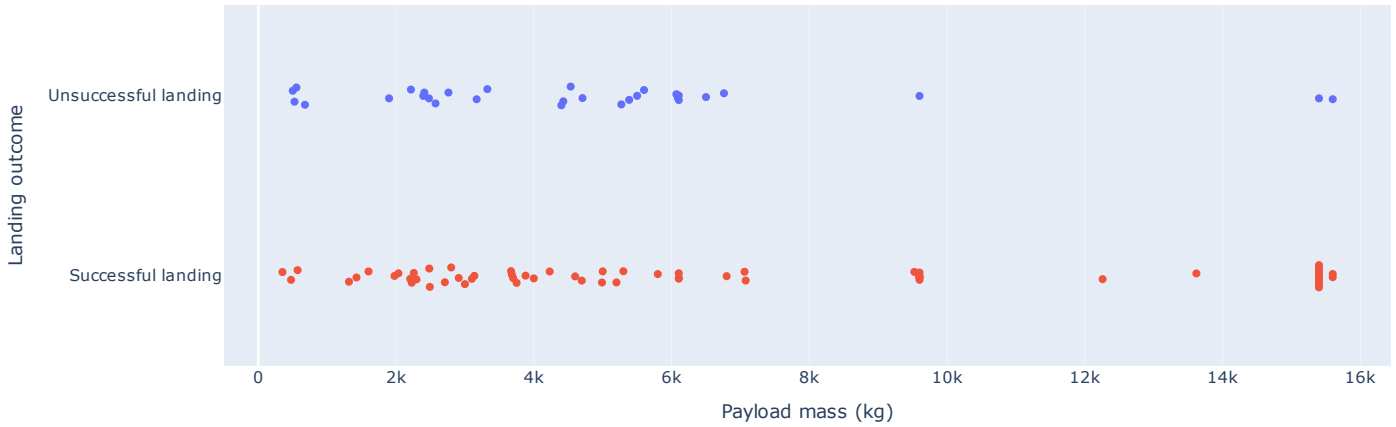

Payload mass range (kg)

500

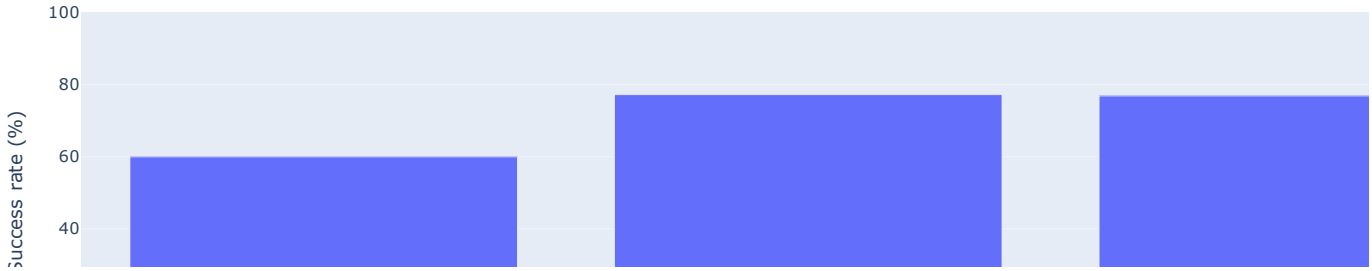

Landing outcome distribution

Payload mass by landing outcome

Landing success rate by launch site

Source: dataset_part_2.csv in this repository. Class = 1 indicates a successful landing; Class = 0 indicates an unsuccessful landing. Percentages describe the filtered records.
